

BUSINESS SPONSORSHIP LETTER

Dear Friend,

Maine Center for Coastal Fisheries (MCCF) invites you to be part of an important effort to secure a sustainable future for fisheries and fishing communities in eastern Maine by becoming a business sponsor. MCCF's various innovative and collaborative programs and projects are working to enhance these efforts and we need your help. Your business support can help make sure today's fishermen have access to sustainable fisheries and allow future generations to follow in their footsteps.

Who we are

MCCF is headquartered on Stonington's working waterfront, striving to bring the knowledge of fishermen, findings of scientist, and policy making together. Our programs and projects are achieving these efforts through collaborative research, co-management, and stewardship.

It starts with local - It starts with you

Your business support will make an instant impact. In return for your generous support, you will receive a variety of benefits and special opportunities to promote your business to a wide audience. Benefits include exposure to the largest and busiest lobster fleet in North America, thousands of visitors – local and from afar, and an impressive digital audience. You can review these detailed opportunities in the provided sponsorship guide.

To help us expand our programming and achieve our goals, we have enclosed a sponsorship form for your consideration. With your support, together we can *fish forever*.

Thank you,

A handwritten signature in black ink, appearing to read "Paul Anderson".

Paul Anderson
Executive Director
